

Rejecting Compliance Images

If images are rejected:

- A rejection reason must be provided
- The site's compliance status updates to **Rejected** in red
- No images are visible in the schedule's Compliance view

If one image is approved and another rejected:

- The vendor is notified by email
- The site's compliance status updates to **Partially Approved** in orange
- The approved image remains visible
- The rejected image must be resubmitted

This process continues until **all required images are approved**.
